

## Informational Book Report Guidelines

1. You are required to share your informational book through an oral presentation. You must have visuals throughout the presentation.
2. The visual can be displayed one of two ways:
  - A. Google Slides
  - or
  - B. PowerPoint Slides
3. You must choose 5-7 interesting facts that you learned in the book to share on your visual.
4. You must use at least four different non-fiction text features to display your information on your visual.
5. Guidelines for **Google Slides** or **PowerPoint**
  - You may upload pictures from the internet.
  - All pictures must include a caption.
  - All captions should be written in complete sentences.
  - Pictures should relate to the information being presented
  - Choose a background color
  - All information must be accurate

### **Pictures and Captions**

\* So many times we have extra space left on our presentation. Your responsibility is to find pictures on the internet to use to fill these spaces.

6. You need to include one slide for each of your 5-7 facts being shared, as well as a title slide.
